Wireless room thermostat for heating

The wireless room thermostat HCW80 sends heat demand signals (RF 868,3 MHz) to the relay module HC60NG. It can be used to control gas and oil boilers, a variety of valves and actuators, or electrical heating systems.

Approvals	EN60730-1, EN55014-1, EN55014-2, ETSI EN300220-3, ETSI EN301489
RF communication distance	30 m
Blocking immunity	Receiver class 2 (EN300220-1)
Batteries	included 2 x AA
Battery life	2 years typical
LED functions	heat demand on/off, battery status
Housing (HxWxD)	105 mm	98 mm	30 mm
Protection class	IP30
Temp. setpoint range	5 ... 30 ^{o}C
Additional description	Setpoint scale with frost protection symbol and small pins for limitation of the adjustment range.

Product description	Type
Room thermostat	**HCW80**

Package	
Product description	**Type**
1x HCW80, 1x R6660D009	**Y6630D1007**

HC60NG Relay box	
Description	**Additional Product Type**
Relay box (1-off) with English and German literature	**R6660D1009**
