

# Glidex® Silicone Paste

- by Unipak

## Glidex® Silicone Paste is approved for drinking water.

Glidex Silicone Paste is made from a clear, odorless silicone oil. Available in two sizes, 200 g and 50 g. The 50 g in a handy plastic tube with application sponge for direct application without spillage.

## Glidex® Silicone Paste

Glidex Silicone Paste is very suitable as a lubricant for the assembly of plastic pipes, rubber strips and joints. Prevents ageing of rubber parts. Besides the paste is very effective for lubrication of locks, hinges, tools etc. Does not harden/dry up which facilitates later adjustment.

TZW/UBA and GDV 06/0005 approved for drinking water.

## DIRECTIONS FOR USE:

1. Remove any sand, soil and dirt from the parts.
2. Squeeze out a "line" of 1 – 2 cm silicone paste on sponge and spread the silicone paste evenly on the materials which are to be assembled. Assemble the parts.

**CAUTION!** Spill on floors and shoe soles may cause high risk of slip accidents.

Never use silicone oils in connection with painting jobs. Even small amounts may cause adhesion problems.
